

PMA's Organizational Safety Institute

Schedule of Learning Events

PMA's Organizational Safety Institute is a place where you can learn "virtually" about some of the emerging best practices in leading organizational safety efforts. Our upcoming courses are listed below.

Click the title/link below to register for the session(s) you wish to attend or visit <http://webservice.pmagroup.com>. All webinars encourage active learner participation. Submit questions that are important to you prior to the webinar through RCWebEvents@pmagroup.com or during the event.

April 2017

April 13, 2017 – 10:30 AM – 11:30 AM (EST)

New to Safety: A Road Map for Developing an Effective Organizational Safety Leader

Session Leader: Tim Naylor, Strategic Risk Control Consultant

This session is for anyone who describes themselves as *newer to safety* or still developing as an organizational safety leader. Your session leader (a prior safety director in private industry) will discuss vision, goals and priorities as keys to integrating safety into your operations and leading an effective organizational safety effort. Communication strategies and essential resources will also be discussed in this particularly welcoming environment. Expect an open Q & A as we aim to make sure your most important questions are answered.

April 25, 2017 – 10:30 AM – 11:30 AM (EST)

The Top Ten OSHA Violations in 2016 and Organizational Compliance Strategies

Session Leader: Tim Weir, Strategic Risk Control Consultant

This session will provide your organization with an overview of the Occupational Safety and Health Administration's (OSHA) Top Ten Most Frequently Cited Violations for General Industry, which were made during the 2016 Fiscal Year. This learning event will include a general explanation of each cited standard and associated subpart (CFR 1910) and provide guidance to assist your company in complying with related OSHA regulations. Expect a closing section on actions you can take to create an atmosphere for compliance in your organization.

May 2017

May 10, 2017 – 2:00 PM – 3:00 PM (EST)

New from OSHA: Recommended Practices for Safety and Health Programs

Session Leaders: Tom Klink, Strategic Risk Control Consultant and Bill Hoover, Risk Control Specialist

In 2016, OSHA published "Recommended Practices for Safety and Health Programs" based on lessons they compiled from best-in-class safety programs across all industries. In this session, we will discuss their management-oriented guidance to enable you to compare your efforts to those of many other leading organizations in seven key areas of safety management. This session is appropriate for any organizational leaders looking for a practical safety management road map. Attendees will receive the OSHA reference for discussion aid with your management team, safety committee and employees.

May 11, 2017 – 10:30 AM – 11:30 AM (EST)

PMA Webservice, Your Link to PMA's Risk Control Solutions

Session Leader: Marcy Barker, Senior Risk Control Services Coordinator

PMA Webservice® provides online access to PMA Risk Control's growing offering of safety resources. Find answers to common risk management questions in our articles, technical bulletins, and white papers or learn how you can join one of the Instructor-led Sessions hosted by our Organizational Safety Institute. This orientation to our online resources will also provide information on how to request a safety DVD for employee training, or simply link to one of many leading safety websites to build your own knowledge of important issues. This session is ideal for new clients but existing customers may be surprised at what they learn about our growing online resources.

May 24, 2017 – 2:00 PM – 3:00 PM (EST)

Organizational Safety Leadership: Moving Beyond Safety Programs

Session Leaders: Gene Mattis, Regional Risk Control Manager and Ken Nogan, Senior Risk Control Specialist – Learning and Development

Today's organizational and safety leaders aspire to achieve greater alignment of safety in their organizations and one that is embraced at every level of the organization. In this session, we will highlight seven of the most practical steps you can take to ensure distinct movement towards organizational safety leadership principles and responsibilities. These principles can apply to all industry segments – both public and private. This leadership-oriented discussion is suitable for safety, human resources personnel and the management level of organizations.

June 2017

June 8, 2017 – 10:30 AM – 11:30 AM (EST)

Best Practices for Managing Special Events for Public Entities

Session Leader: Julie Waller, Strategic Risk Control Consultant and Ken Child, Risk Control Specialist

Special Events are usually short-term events outside the day-to-day operations of an entity that can expose the entity to risk either directly or indirectly. Examples of Special Events include fundraisers, graduations, golf tournaments, parades, concerts, air shows, fireworks, sporting/athletic events, political events, car shows, conferences, camps, film/TV productions, etc. This public risk oriented session will provide an overview of best practices regarding the management of Special Events including insurance requirements and pre-planning protocols in order to reduce risk and liability.

June 22, 2017 – 10:30 AM – 11:30 AM (EST)

Vehicle Repair Garages: Strategies and Resources to Reduce Employee Injury Potential

Session Leader: Brenda Daugherty, Senior Risk Control Consultant

This session will explore the leading hazards and severity concerns in Vehicle Service and Repair facilities while providing managers and safety committees with resources to help reduce these risks. You can also expect discussions on OSHA related topics, innovative training ideas and useful resources that can help you improve employee safety, well-being and productivity. Your highly experienced session leader will welcome questions that have presented you with the greatest challenges in this physically demanding work environment.
