- Welcome
- Review and approval of the minutes from the [July 11, 2022](#) meeting
- Note any additions or deletions from the agenda
- Public comment
- Presentation of the following proposed rules:
 - Vermont Low and Zero Emission Vehicle Regulations, Agency of Natural Resources
 - Advanced Clean Cars II, Advanced Clean Trucks, Low NOx Heavy-Duty Omnibus, and the Phase 2 Greenhouse Gas Rule. In this rulemaking, ANR proposes to amend existing rules and adopt new rules that reduce greenhouse gas and criteria air pollutant emissions from passenger cars, light-duty trucks, and medium- and heavy-duty vehicles and engines that are delivered for sale or placed in service in Vermont.
 - Rules Governing the Licensing of Educators and the Preparation of Education Professionals, Vermont Standards Board for Professional Educators
 - The proposed rule revisions support the VSBPE's mission. Specifically, the VSBPE is:
 1. Providing clarification to current Rules regarding definition of terms.
 2. Revising the English Language Learner endorsement to a Multilingual Learner endorsement
 3. Adding an option for a Driver and Traffic Safety Education In-Vehicle only endorsement
 4. Updating testing requirements to remove specific Praxis II test codes and include language for demonstrating basic skills in other ways besides the Praxis Core test.
 - Disability Services-Developmental Services, Dept. of Disabilities, Aging and Independent Living
 - The purpose of this rule is to fulfill the requirements of the DD Act, to include specific details for implementation of the Act. The effective date of the last adopted rule was October 1, 2017. Since then, 2022 Acts and Resolves No. 186 eliminated the requirement in 18 V.S.A. § 8725 that certain categories of the Developmental Services System of Care Plan be adopted by rule. Further, the federal rules relating to Medicaid grievances and appeals have been amended. Finally, the Vermont Supreme Court's decision in *In re: R.R.*, 2019 VT 31, requires that individuals who have IQ scores up to 75, rather than 70, must be considered for

eligibility for services. While most of the proposed modifications relate to aligning the language in the rule with these changes, other amendments to the rule include formatting and updates to align with current practice in the administration of the Developmental Services program.
