- Welcome
- Review and Approval of the Minutes from the [May 10, 2021](#) Meeting
- Note Any Additions or Deletions from the Agenda
- Public Comment
- Presentation of the Following Proposed Rules:
 - 1) Allocation and Apportionment of Vermont Net Income By Corporations, Department of Taxes
 - a) The 1998 Regulation has been superseded by statute in some respects. The amendments adjust the apportionment formula to be consistent with current law and adjust the apportionment method for services and intangibles to accommodate statutory changes. Other changes provide specific definitions and examples and provide clarity to the Department's interpretation of the tax on corporations.
 - 2) Electrical Safety Rules – 2020, Vermont Electricians' Licensing Board
 - a) The Proposed Vermont Electrical Safety Rules will update the technical codes and standards, including the adoption of the 2020 edition of the National Electrical Code (N.E.C.) also known as the National Fire Protection Association (NFPA) 70. This will better coordinate the license examination with the state apprenticeship program, establishes an expiration date for a permit and a process for refunding permit fees. The rules also provide requirements for filing an electrical work notice, inspection and energizing procedures, details powers of enforcement and licensing disciplinary procedure.
 - 3) Rule 8.000: Data Submission, Green Mountain Care Board
 - a) The Board stewards two sets of health care data. Health insurers, health care providers, hospitals and other health care facilities, and governmental agencies must submit data for inclusion in the databases. The rule sets out the requirements for reporting health care claims and eligibility data, inpatient discharge data, outpatient procedure and service data, emergency department data, and other information relating to health care provided in Vermont and to Vermont residents outside the state.

- 4) Rule 9.000: Data Release, Green Mountain Care Board
 - a) The Board stewards two sets of health care data. Subject to certain restrictions and limitations, the Board makes some of the information in the health care database available as a resource for individuals and entities to review health care utilization, expenditures, and performance in Vermont. The rule establishes processes by which the Board will make data in the health care database available to support legitimate and beneficial research and analysis.
 - 5) Vermont Hazardous Waste Management Regulations, Agency of Natural Resources
 - a) Vermont has maintained Hazardous Waste Management Regulations since 1980. This rule, which has been revised routinely since 1980 to remain equivalent to the federal RCRA subtitle C hazardous waste regulations, provides a regulatory framework for managing hazardous waste by identifying wastes subject to regulation as hazardous and establishing management standards for businesses that generate, transport, treat, store or dispose of them. In general, the rule is being revised to incorporate required new federal rules, clarify existing requirements, and address deficiencies identified in the current version. Changes include: adoption of the federal Generator Improvement, Electronic Manifest, and Hazardous Waste Pharmaceutical rules; revisions to hazardous waste import/export requirements; addition of new universal wastes; and revision of the used oil management standards.
- Next Meeting Date: Monday, July 12, 2021 at 2:00 p.m.
