## MEMORANDUM

To:	Emergency Board
From:	Jeb Spaulding, Secretary of Administration Jeb Spaulding
Date:	July 12, 2012
Subject:	Vermont Economic Progress Council: Request to Exceed \$10 Million in Employment Growth
-	Incentives for Calendar Year 2012 (2006 Act 184 Sec 11(c))

In accordance with 2006 Act 184 Sec. 11(c), we are submitting for your approval a request from the Vermont Economic Progress Council (VEPC) for authorization to exceed the \$10 Million maximum amount in employment growth incentives (VEGI) for calendar year 2012. The \$10 million limit applies to projects that will commence in calendar year 2012.

The Emergency board increased the cap for the VEGI program for calendar 2010 and calendar 2011 to accommodate applications that would have caused the cap to be exceeded had the applications been approved. The applications received Initial Approval. However, one of the projects had delays in obtaining capital, pushing the potential project commencement date to 2011. The Initial Approval was for \$7.9 million in total incentives. That project failed to obtain capital to commence the project. The Initial Approval has been rescinded and the increase in the 2011 cap was not utilized.

However, as of the June 28 VEPC Board meeting, projects totaling \$10,598,645 received Initial or Final Approval. Applications are expected to be filed for consideration later in the year that will impact the 2012 cap. If all applicants file Final Applications during calendar 2012, the \$10 million cap will be exceeded by almost \$600,000. This does not include any applications that might be filed during the remainder of the calendar year.

The proposed motion raises the 2012 cap to accommodate potential incentives for economic activity that would commence in 2012 and continue to add quality jobs and capital investment in subsequent years.

VEGI incentives have been successful in ensuring the growth of Vermont businesses and bringing jobs and capital investment to Vermont. The inability to finalize the incentives if the \$10 million cap is not increased could result in companies choosing not to expand, scaling back their growth, or in taking their business elsewhere. The VEGI program is a critical tool in the State's economic development efforts and the creation of good jobs for Vermonters.

## PROPOSED MOTION EMERGENCY BOARD JULY 20, 2012

## VERMONT ECONOMIC PROGRESS COUNCIL REQUEST TO EXCEED \$10 MILLION IN EMPLOYMENT GROWTH INCENTIVES FOR CALENDAR YEAR 2012 (2006 ACT 184 SEC. 11(c))

In accordance with 2006 Act 184 Sec. 11(c), the Emergency Board hereby authorizes the Vermont Economic Progress Council to exceed the \$10 million cap on Vermont employment growth incentive authorizations for calendar year 2012 by an additional \$2,000,000.

The Emergency Board further commits to expeditiously consider further increases to the cap if the Administration so proposes later in 2012.

Jeb Spaulding, Secretary Agency of Administration 109 State Street Montpelier, Vermont 05609

Dear Secretary Spaulding:

The Vermont Economic Progress Council (VEPC) is responsible for the application and authorization process for the Vermont Employment Growth Incentive (VEGI) program, which became law in 2006 with the signing of Act 184.

Section 11(c) of Act 184 contains a \$10,000,000 cap on the total amount of VEGI incentives that VEPC can authorize for any calendar year. The cap may be exceeded by VEPC upon application to and approval by the Emergency Board. A copy of the cap language is enclosed for your reference. In 2010 and 2011, due to deal flow that would have caused the cap to be exceeded, VEPC petitioned the Emergency Board to increase the cap for those calendar years. The Emergency Board raised the cap to \$23,000,000 for calendar 2010 and \$18,000,000 for calendar 2011.

Enclosed for your information is a summary of the applications to the VEGI program which have been considered and authorized by VEPC through June 2012. The enclosed data shows that the following net amounts have been authorized each year (net after any subsequent incentive rescissions), with the following percentages of the annual cap utilized:

<u>Year</u> :	<u>Cap</u> :	Net Incentives Authorized:	Percent of Cap Utilized:
2007	\$10,000,000	\$ 1,942,954	19.4%
2008	\$10,000,000	\$ 584,108	5.8%
2009	\$10,000,000	\$ 4,922,426	49.2%
2010	\$23,000,000	\$ 10,259,455	44.6%
2011	\$18,000,000	\$ 8,322,698	46.2%
2012	\$10,000,000	\$ 10,598,645 (as of 6/28/12	2) 106%

"Improve the economic vitality of Vermont and support a diverse, sustainable future for Vermonters"

The primary reason for the request to increase the cap in 2010 and 2011 was an application from a particular company that projected the creation of over 400 jobs in Vermont in the environmental technology sector. The Initial Application for this company alone resulted in total incentives of \$7.9 million. However, because of an inability to obtain the required levels of capital, that project did not materialize and the application was rescinded.

In accordance with the methodology for accounting for VEGI incentives mutually agreed upon by VEPC and the Agency of Administration, the incentive amount is booked against the cap for the calendar year in which the project commences when an Initial Application is approved. That is why, when the company in question failed to obtain capital for the project and therefore did not file a Final Application, the total net incentives authorized in 2010 and 2011 ended up below the increased cap levels.

Although there is no guarantee that all the applicants will file Final Applications, the applications that have received Initial Approval for calendar 2012 total \$10.6 million. Additional applications are expected to be considered during the second half of 2012 which could add another \$1 million in 2012 authorizations. Additional applications could be filed for projects which are not known to us at his time.

Therefore, in accordance with §11(c) of Act 184, the Council respectfully requests that you consider this letter VEPC's required application for consideration by the Emergency Board at its next meeting to allow VEPC to exceed the annual maximum amount of incentives that can be authorized under 32 VSA §5930b and 32 VSA §5404a(a)(2).

I have been directed by the Council to work with you and your staff on the details of this request, including the level of the request to exceed the cap and to provide appropriate support materials for the Emergency Board meeting.

If you have any questions, please feel free to contact me. Thank you for your consideration of this matter.

Sincerely,

Fred Kenney

# VERMONT EMPLOYMENT GROWTH INCENTIVE PROGRAM FACTS THROUGH June 28, 2012

- Since its inception in 2007, through June 28, 2012, there have been 70 applications to the VEGI program. Forty-four are active, 4 were denied, and 22 have been rescinded or terminated.
- The 44 active projects were authorized for maximum incentives totaling \$36.6 million, which can be earned between 2007 and 2016 if performance measures are met, and paid out between 2008 and 2021, if performance measures are maintained.
- These 44 projects are estimated to generate the following benefits to Vermont between 2007 and 2016:
  - o 3,499 direct, full-time, qualifying jobs
  - o 3,516 indirect jobs
  - 4,307 jobs retained
  - \$164 million in new qualifying payroll
  - \$57,055 in average total compensation
  - o \$567 million in new qualifying capital investments
- The 44 projects will also generate **net new tax revenues of \$24.5 million** for the State of Vermont, after the cost of the incentives.
- The Administration is requesting that the Emergency Board authorize VEPC to exceed the \$10 million cap for calendar 2012.
- Projects which have been given initial or final approval, through June 28, 2012, for activity that commences in calendar 2012, and therefore count toward the 2012 cap, total \$10,598,645.
- It is likely that at least one company will not file a Final Application. However, more applications with 2012 commencement dates will likely be filed by the end of the calendar year.
- To ensure program capacity throughout the remainder of 2012, the Administration is requesting that the cap be increased to \$12 million for calendar 2012.

#### MEMORANDUM

To:	Emergency Board
From:	Jeb Spaulding, Secretary of Administration Jeb Spaulding
Date:	July 12, 2012
Subject:	Re-allocation of Calendar Year 2012 Private Activity Bond Ceiling; Delegation to Governor

At its January 18, 2012 meeting, the Emergency Board took the following action regarding Vermont's calendar year 2012 private activity bond allocation:

Item 1: Allocation of the calendar year 2012 Private Activity Bond Ceiling (32 V.S.A. Sec. 992(b)).

Governor Shumlin introduced the proposed allocation of the Calendar Year 2012 private activity bond ceiling pursuant to 32 V.S.A. Sec. 992(b), as recommended by the Private Activity Bond Advisory Committee (PABAC), provided in accordance with Executive Order No.14-11.

State Treasurer and Chair of the Private Activity Bond Advisory Committee Beth Pearce presented the proposed 2012 private activity bond allocation.

Following discussion, Representative Heath made the following motion, seconded by Senator *Kitchel:* 

Motion is made to allocate Vermont's private activity bond allocation of \$284,560,000 for calendar year 2012 as follows:

Vermont Economic Development Authority	\$ 25,000,000
Vermont Municipal Bond Bank	\$ 25,000,000
Hinesburg Sewer Project	\$ 300,000
Contingency	\$234,260,000
	\$284,560,000

It is further moved that discussion of the allocations, including the contingency, and delegation of reallocation authority to the Governor, as provided for in 32 V.S.A. Sec. 992(b), be placed on the July, 2012 Emergency Board meeting agenda.

The motion was passed unanimously.

The rationale for bringing this issue to the Emergency Board for consideration in July was the unusually large contingency which was not needed in January by the various issuing authorities.

The Vermont Student Assistance Corporation (VSAC) now anticipates a potential to use \$117,130,000 (that is, half the contingency). If not used in calendar year 2012, VSAC will be able to carry its amount forward to 2013. The Private Activity Bond Advisory Committee (PABAC), as established in 32 V.S.A. Sec 993 (enacted in Act 110 of the 2012 legislative session), met on June 27, 2012 and recommends that the Emergency Board re-allocate \$117,130,000 from the contingency for use by VSAC. For reference, the PABAC recommendation is attached, and the Administration supports the PABAC recommendation.

This re-allocation still leaves a sizable (\$117,130,000) contingency. If the contingency remains unallocated at the end of calendar year 2012, this large amount of private activity bond authorization will be lost to the State; whereas if allocated to the issuing authorities, the authorization may be used over the course of the next three years. While any additional needs of the issuing authorities are not known at this time, they may be better defined later this year. Therefore, on the basis of expediency, the Administration is requesting that the Emergency Board delegate to the Governor, as it has every year, the power to reallocate any unused portion of the allocation for calendar year 2012 as provided in 32 V.S.A. Sec. 992(b), among current recipients of the cap allocation. The statute provides that the Governor's reallocation authority, if conferred, extends from December 21 through December 31. The PABAC will provide its recommendations for calendar year 2012 reallocations as part of its December 1 report required by statute. Reallocations beyond the current recipients at that time will require Emergency Board approval.

Thank you for your consideration.

#### PROPOSED MOTION EMERGENCY BOARD JULY 20, 2012

# 2012 PRIVATE ACTIVITY BOND RE-ALLOCATION; DELEGATION TO THE GOVERNOR

Motion is made to re-allocate Vermont's private activity bond allocation of \$284,560,000 for calendar year 2012 as follows:

Vermont Economic Development Authority	\$ 25,000,000
Vermont Municipal Bond Bank	\$ 25,000,000
Vermont Student Assistance Corporation	\$117,130,000
Hinesburg Sewer Project	\$ 300,000
Contingency	<u>\$117, 130,000</u>
	\$284,560,000

It is further moved that that the Emergency Board hereby delegate to the Governor the power and authority to assign or reallocate unused portions of Vermont's calendar year 2012 private activity bond ceiling as provided in 32 V.S.A. Sec. 992(b). However, that authority only extends to assignment or reallocation between and among current recipients of the cap apportionment.

#### STATE OF VERMONT OFFICE OF THE STATE TREASURER

TO:	Emergency Board
FROM:	Beth Pearce, State Treasurer
DATE:	July 12, 2012
RE:	Private Activity Bond Advisory Committee Recommendations

Pursuant to No. 110 of the Acts of 2012, this memorandum provides the Private Activity Bond Advisory Committee's recommendations, on its own initiative, to the Emergency Board regarding reallocations of unused portion of private activity bond ceiling subsequent to the Board's initial allocation in a given year (32 V.S.A. §933(b)(5)).

The Committee met on June 27, 2012 to review information provided from a survey of the constituted and eligible issuing authorities, and unanimously passed the following two motions for the Board to consider at its July 20 meeting:

- To recommend that the Board reallocate \$117.13 million, or one-half of the 2012 private activity bond contingency amount, to the Vermont Student Assistance Corporation (VSAC), to provide VSAC sufficient capacity to execute a refinancing and/or restructuring of up to \$900 million of federal loan-backed debt, if market conditions and/or strategic considerations warrant doing so.
- 2. To recommend that the Board delegate authority, as per 32 V.S.A. §992(b), to the Governor for any assignments or reallocations of any unused portion of the ceiling made after December 20, 2012.
